What Is Schoolwide 3?

Section 1114 of Title I of the ESEA allows a school with 40% or more of its students coming from low-income families consolidate its Title I funds with other Federal, State, Local, and Discretionary/Competitive/Non-Profit funds to implement a Schoolwide Program that upgrades the school's entire educational program to improve the academic performance of all students, especially the lowest-achieving students.

- Elementary and Secondary Education Act of 1965, Title I, Part A, Section 1114(a)(1)

Purpose of SW3

To enable schools with a large number of at-risk students to integrate services the school provides from Federal, State, Local, and other resources to upgrade its education program.

Objectives of SW3

- To provide effective instruction and implement academic programs supported by scientifically based research (SBR) that will meet the academic needs of ALL students, especially those identified as most academically at-risk.
- To target the areas of growth and improvement while capitalizing on the areas of strength identified in the school's comprehensive needs assessment.

Requirements

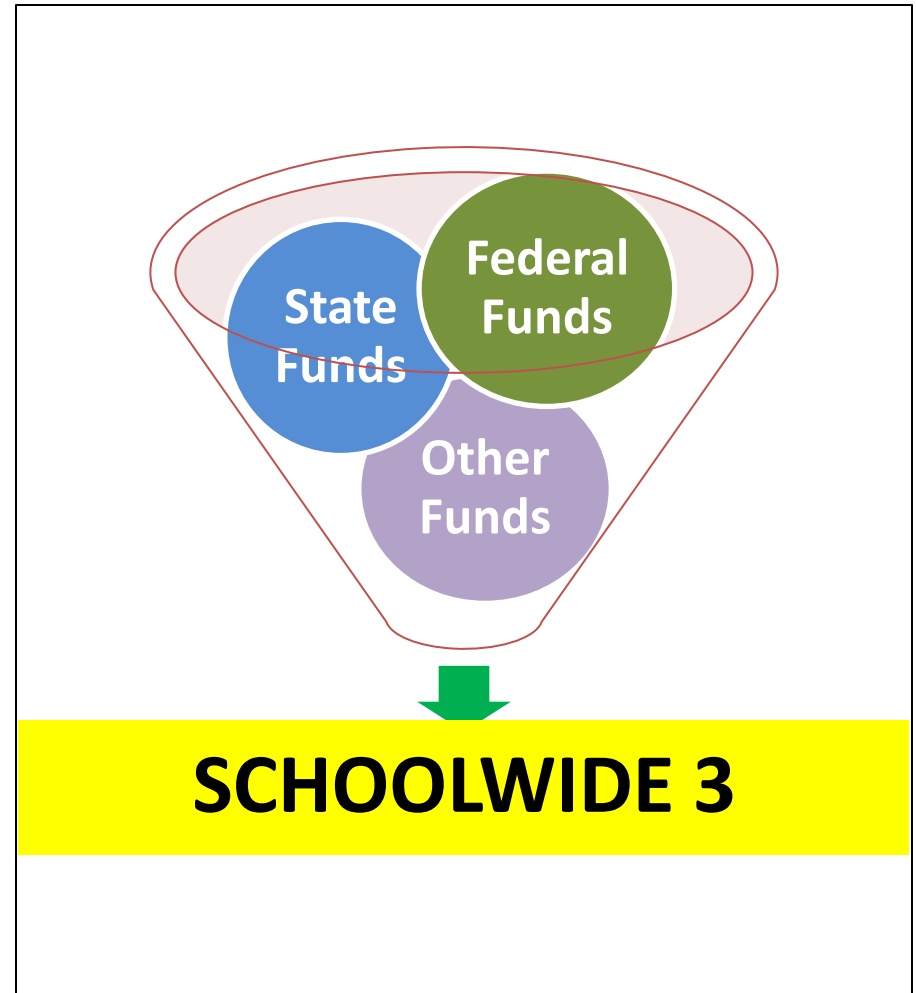

- 40% low income student population
- Consolidation of federal, state, local and other funds
- All students meet standards and receive services
- Meet the intent and purposes of consolidated programming sources.

Coordination and Integration of Programming Funds

Funding to consolidate under Schoolwide 3 comes from the following sources:

- Federal Formula Funding including Title I-A Disadvantaged
- State Formula Funding
- Local Funding
- Discretionary, Competitive Funding

Under a Schoolwide 3 Plan, all funding sources lose their “identity” under the Schoolwide Plan.

The school is still responsible for meeting the intent and purpose of each consolidated programming source.

Benefits

- All benefits of a Title I Schoolwide Program
- Comprehensive analysis of the school's education program
- Ease of requirements for accounting.
Accountability
- Relief from certain statutory and regulatory requirements
- Flexibility to utilize all resources

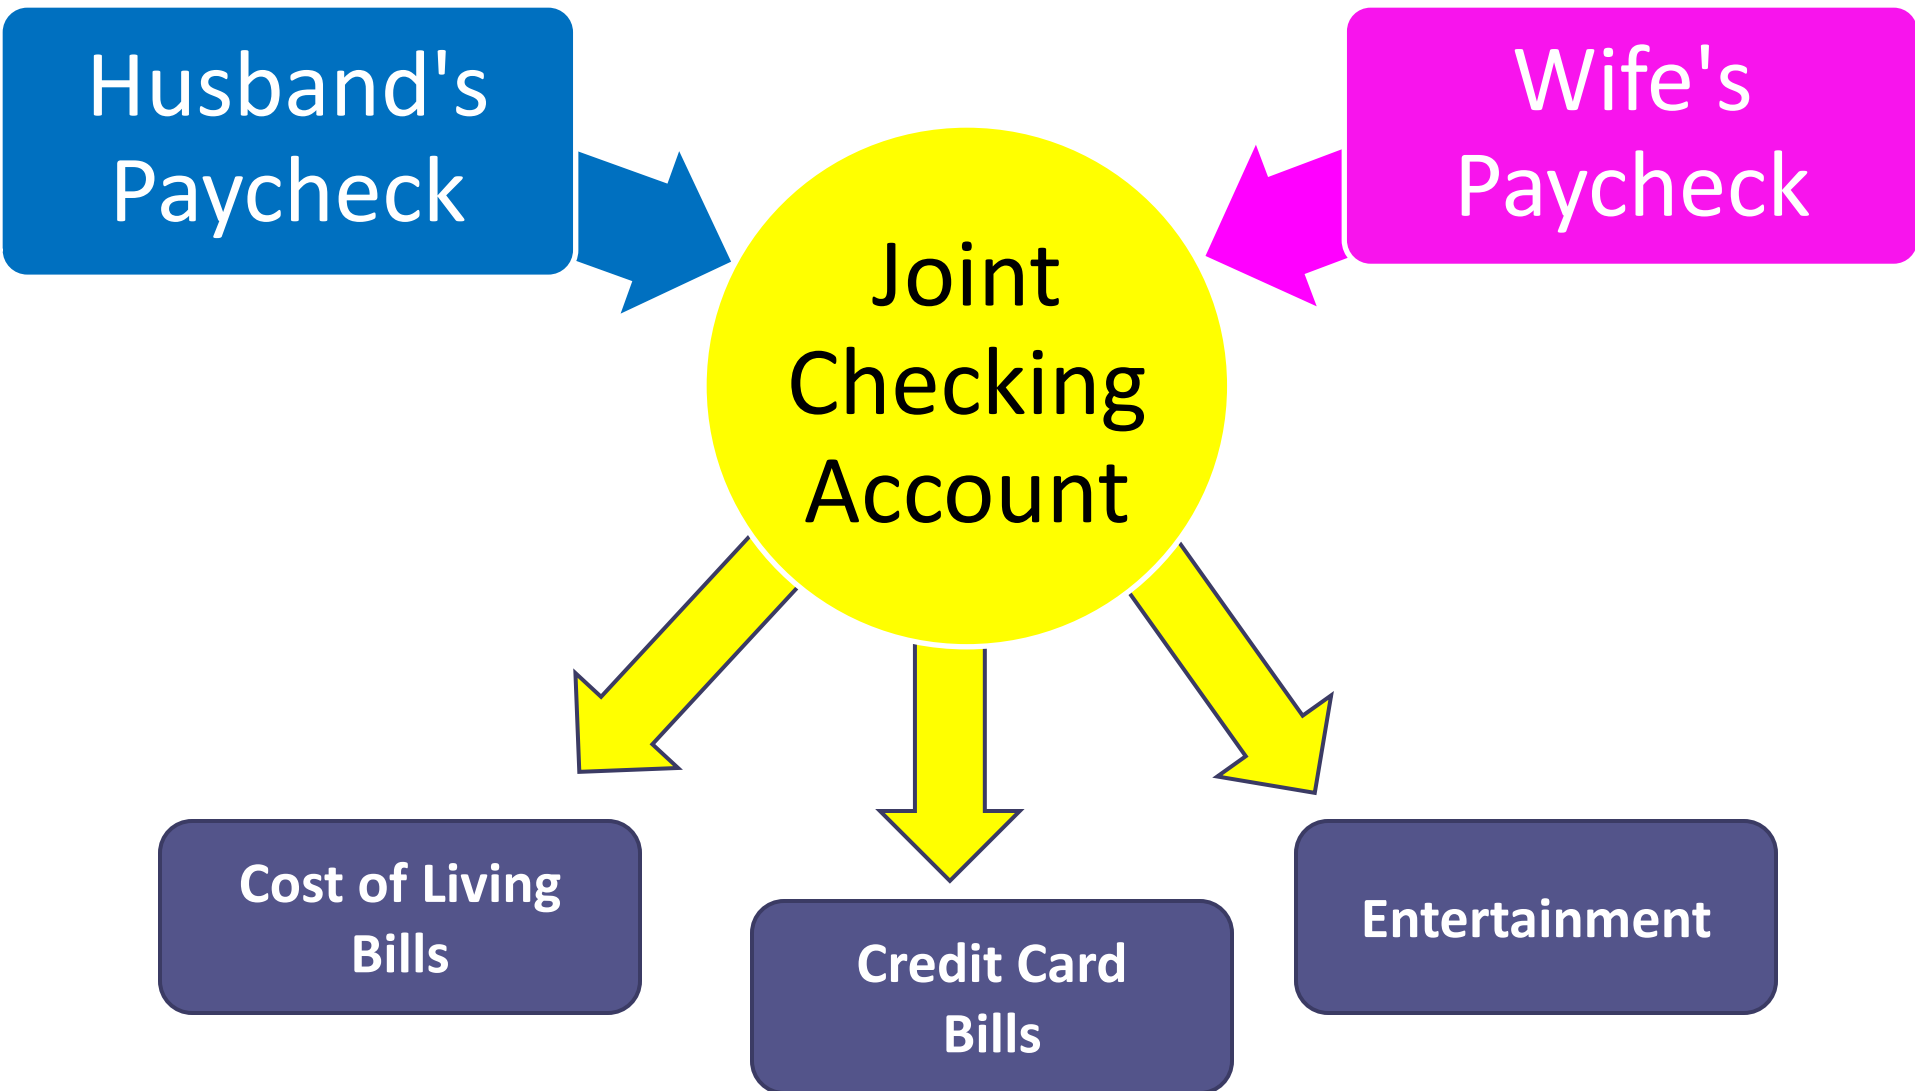

How Schoolwide 3 Works

1. LEA receives total allocation of funds annually from federal, state, local, and other sources.
2. The LEA distributes the funding to individual sites based upon criteria outlined in policies and procedures of the funding source.
3. The school creates a Schoolwide Plan that addresses the five focus areas for Schoolwide Reform. **Planning and implementation for Schoolwide 3 occurs at the site level.**
4. The school pools all federal, state, and local funding allocated for academic achievement along with any other grants and awards. **Budgeting for Schoolwide 3 is site based.**

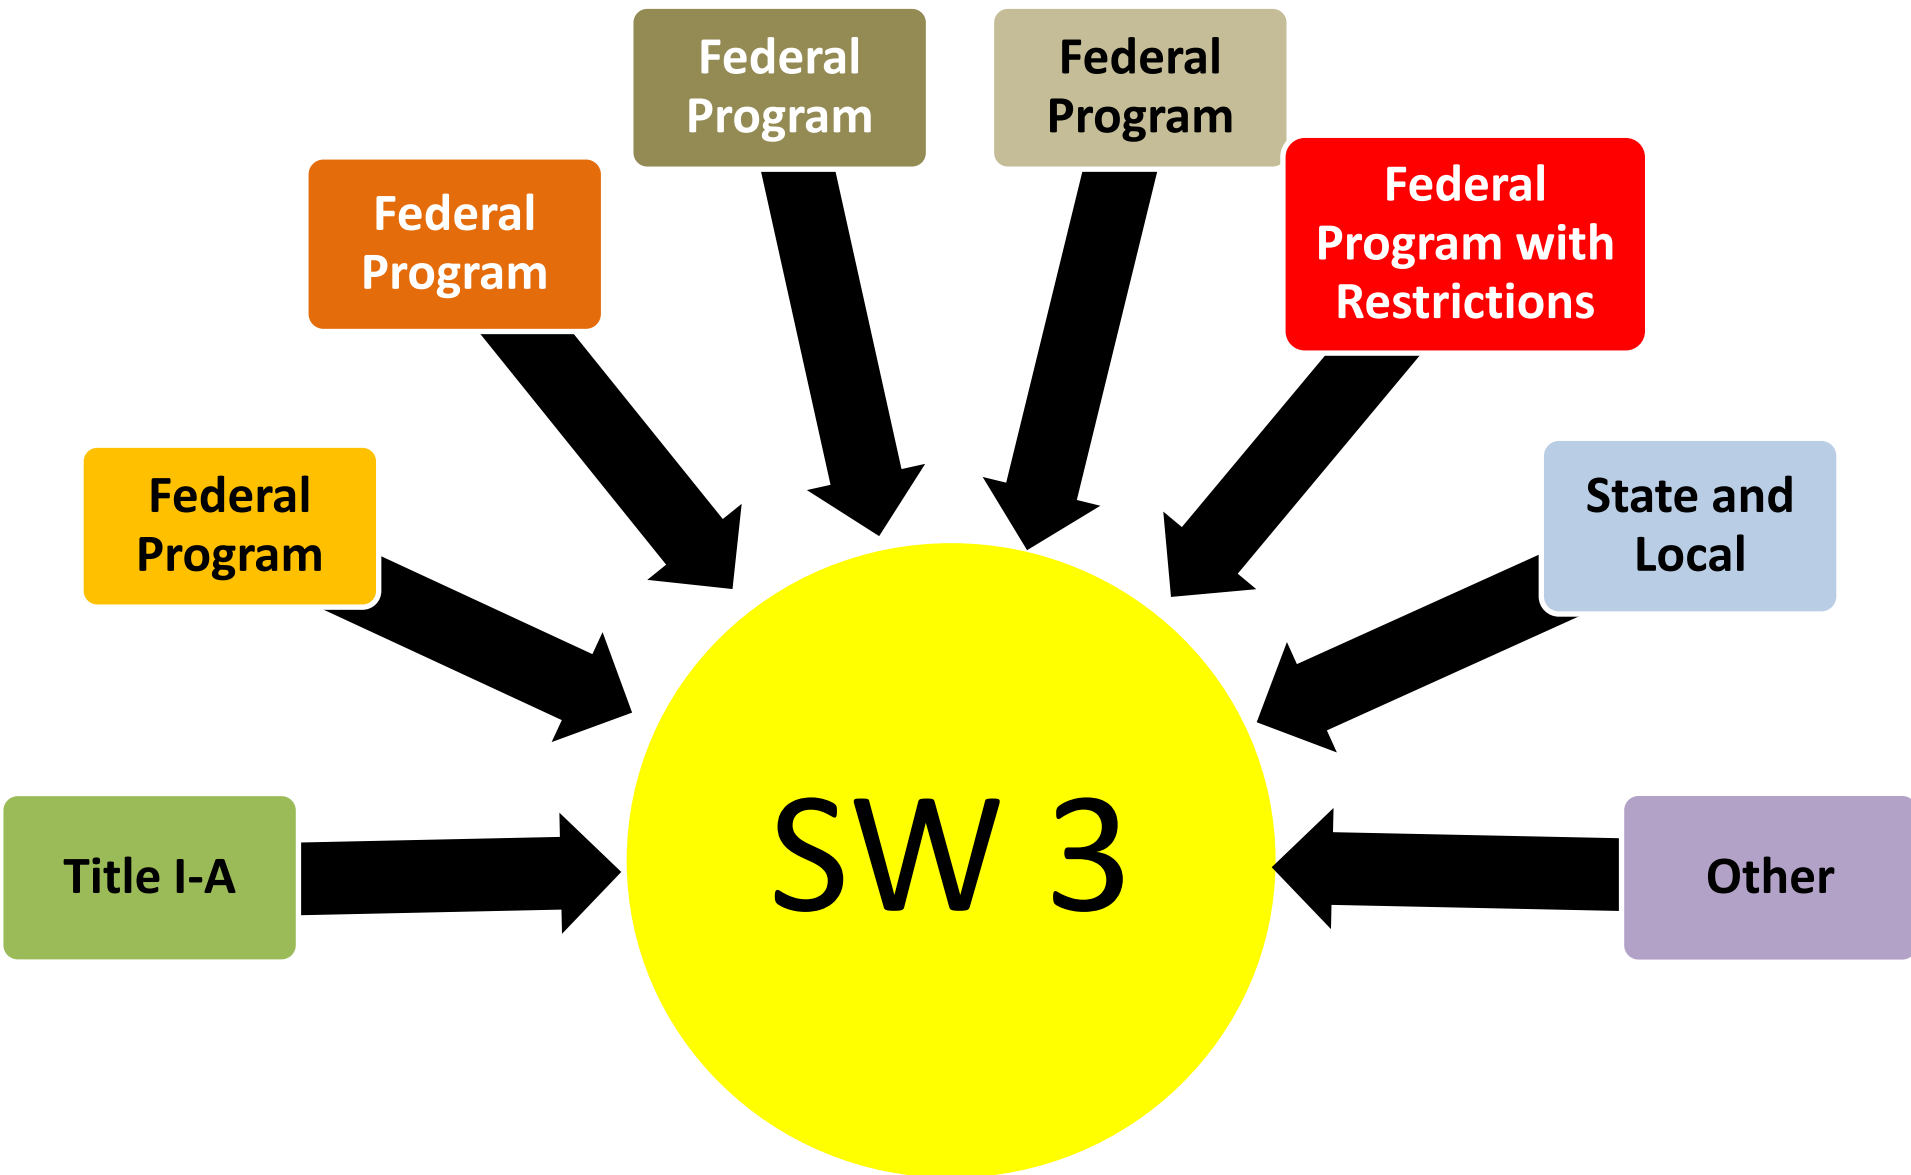

How Schoolwide 3 Works

5. Funding sources lose their “identity” under the Schoolwide 3 Plan. **However, the school must still meet the intent of the consolidated funding source.**
6. The Schoolwide 3 Plan is aligned to the goals of the LEA Continuous Improvement Plan.
7. Strategies and action steps are established. Funding for each strategy is identified based upon “pooled” sources.

Schoolwide 3 Fiscal Application

1. Identify the Schoolwide 3 Schools in the *ESEA Consolidated Application*.
2. Request the *Schoolwide 3 Fiscal Application* from ADE.
3. Complete the *Schoolwide 3 Fiscal Application* from ADE.
4. Submit *ESEA Consolidated Application* and *Schoolwide 3 Fiscal Application* to NCLBConApp@azed.gov along with a cc. to the LEA case manager and erik.francis@azed.gov.

Meeting the Intent of Consolidated Funds

- All consolidated funding sources must have their intent identified and met in the Schoolwide 3 Plan.
- Show evidence of intent in strategies and/or action steps.
- All services must be provided and target sub-group populations must be addressed if included in SW3 Plan.

Example

Schoolwide Goal

- *80% of students in Grades 3-8 will attain proficiency in reading on the AIMS Reading exam during the 2010-2011 academic year.*

Strategy

- *Implement Reading Across the Curriculum in all core academic classes in grades K-8. (Title I-A)*
- *Provide professional development in active reading strategies to all teachers. (Title II)*
- *Provide interventions in English Language Development reading strategies. (Title III)*
